Cut yarn (long tail) – thread tail through 12 sts. Do not tie off to allow for stuffing.	
Knot I-cord very tightly and stitch down for small nipple.	
<b>Fill with soft quality Fiberfil for pillows - optional</b>	

**Abbreviations:** CO – cast on; M1 – make a stitch; kfb – knit front and back; ssk – slip, slip, knit

Knitted Knockers only take about 50 yards of yarn, so one ball of Patons Grace should produce a pair and at least part of a third Klocker. The most popular colour is nude and pastel colours. Don't have enough of one colour to finish off a knocker, feel free to the inner piece with a complimentary colour using the same type of yarn. Don't stress too much about the sizing- as long as each pair is the same size (same number of stitches). It is not necessary to stuff the knockers as the organisation will be happy to stuff them once they arrive. About 75% of the requests are for size B and C and the rest size A and D. These Knitted Knockers are beautifully contoured and hold up very well. Once you get past the first few rows, you will be find these are a fun, portable project that could take as little as 2 – 3 hours each. If you don't want to knit the nipple, just CO 3 sts and go on to the next row!
